Coming Soon! More Payment Options At Your Fingertips!

We know paying utility bills isn't your favorite thing to do, so we're making it as easy as possible for you to make a payment!

In the next few months, Rowley Municipal Lighting Plant will be launching a new user-friendly, electronic payment system. You can look forward to being able to:

- Pay your utility bill anytime 24/7 via an easy-to-use online portal
- Features include an "at a glance" dashboard
- Go paperless – receive bills and receipts via email
- Manage your account and view up to two years of payment history
- Receive email reminders when your bill is ready, when a scheduled payment is pending and confirmation after making the payment
- Make a one-time payment or register to gain access to all features
- You choose when to pay – simply schedule a payment for any future date [before the due date, never to lose out on a discount!]
- Set it and forget it with AutoPay...save time and avoid late or missed payments
- On the go? Use Pay by Text or phone to get text notifications about your bill and have the option to pay through text message with your default payment method.

So, to circumvent mail delivery delays, the U.S. Postal Service recently announced mail delivery delays affecting first-class mail. These delays will likely impact when you receive your electric bill from us and when we receive your payment. To ensure we receive your payment promptly, we encourage all customers to enroll in paperless billing and pay bills online!

Most importantly, ratepayers will still have the option of coming into the office, using the mail system, and the drop box at the end of the walkway. Mark your calendar! Soon this Spring, you'll be able to put away your checkbooks and pay electronically!
