Customer Budget Plan

Plan Date: _____

Account # _____

Name: _____

Address: _____

Monthly Budget Amount: _____

Length of Budget: From: _____ To: _____

Only customers that are currently up to date on their account are eligible for a budget plan.

RMLP will estimate your annual bill and divide the amount in 12 equal monthly payments. Your meter will be read monthly, but you will pay the amount agreed upon on the budget plan. The discount will be allowed provided your budget payment is made on or before the last day of the billing month. We will review your account on a regular basis to make sure it's on target. There will be a true-up of your account on the 12th month. If you used more power than you paid for, you will owe us. If you have used less energy than you paid for, that amount would be applied to your next budget payment until it is used up.

Customer Signature: _____

“Serving You 24 Hours A Day”
